

## WELCOME TO TLHABOLOGO GROUP

Your anchor in EARTH-MOVING equipment solutions and managed services

## ABOUT US

### WHAT WE DO

We are deeply and passionately engaged with our clients by following a systematic process of rigorously discussing how's and why's, questioning, tenaciously following through and ensuring accountability. We assess our client's capabilities, linking strategy to operations and the people who are going to implement the strategy, synchronizing these experts and their various disciplines.

### EXECUTION

Execution is a discipline and a system that is built into our company's strategy, goals and culture. We aim for versatility of proactive approach in ensuring quality machinery and services are delivered to ensure our client's objectives are met without hindrances.

## WHY CHOOSE US

We are a multifaceted company that takes a unified approach in finding optimum solutions for you as our client. Through our strategic alliances with well-established Sub-Saharan and global OEMs, we have access to an array of quality equipment and strategically sourcing personalized expert services for our clients that are cost effective to achieve efficient productivity.

## Products and Services

### Earthmoving Equipment

#### 1. MINING AND PIPELINE

- Horizontal Directional Drills
- Horizontal Directional Rock Drilling
- RECLAIMERS
- Track Trenchers
- Terrain Leveller Surface Miners
- Right of Way Clearing
- Trommel Screen
- Vacuum Excavators

#### 2. CRUSHING SOLUTIONS

A wide range of crushing solutions for primary, secondary and tertiary applications in quarrying, mining, recycling, agriculture, infrastructure and construction.

Our machines crush millions of tonnes of :

- Coal; Aggregate ; Sand; Construction and demolition; Waste Material; Mine ore; Blasted rock; River gravel

• Mobile solutions and semi-mobile/modular solutions:

- Jaw Crushers
- Cone Crushers
- VSI Crushers
- HSI CRUSHERS
- Double roll crushers
- Screens
- Conveyors
- Feeders and hoppers
- Tracked Stackers
- Dust Suppression
- Lighting
- Recycling and Washing plants

### 3. CONSTRUCTION EQUIPMENT

New and used machinery for sale/or rental for those short term projects

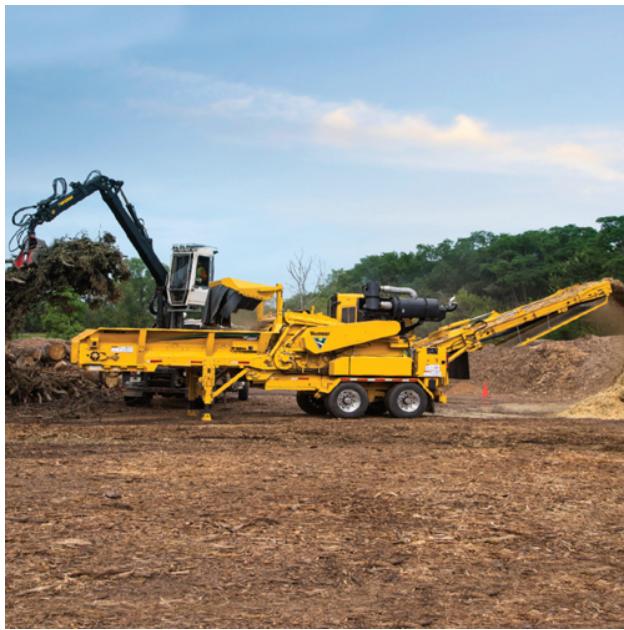

- Excavators
- Dozers
- Graders
- TLB's
- Pay Loaders
- Low Beds
- Rollers
- Site Dumpers
- Tippers
- Water Carts
- Wheel Loaders
- Telehandlers

#### 4. UTILITY INSTALLATION

- Horizontal Directional Drills HDD
- Rock Drilling
- Mixing Systems
- Locating Systems
- Piercing Tools
- Ride on TRENCHERS and ROCKWHEELS
- Pedestrian Trenchers
- Vacuum Excavators
- Pit Launch Drills

#### 5. FORESTRY AND RECYCLING

- Whole Tree Chippers
- Tub Grinder
- Horizontal Grinders
- Compost Turner's
- Trommel Screens
- Brush Chipper
- Stump Cutters
- Mini Skid Steers
- Pedestrian TRENCHERS

## 6. AGRICULTURE

- Bale Processors
- Bale Wrapper
- Balers
- Mowers
- Tractors

## MANAGED SERVICES

### 1. LUBRICATION SERVICES

- Single and multi-point automated lubrication services
- Vibration Analysis
- Thermograph IR Analysis
- Shaft Alignment
- Oil Analysis and Tribology

## 1.2 IT MANAGED SERVICES

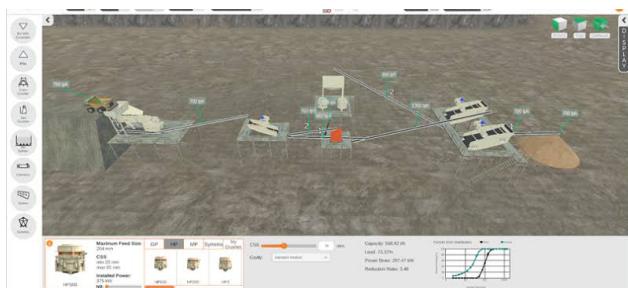

- Custom Software
- Voice over IP (VoIP)
- Voice & Data
- Hosted PABX - mobile & fixed
- Mobile Devices
- End User Computing Devices
- Internet - Satellite
- Internet - Mobile Data
- Internet - Fibre
- Internet - Wireless

## AFTERMARKET

- 24 - Hour Technical Hotline
- Breakdown Service call-out
- Technical Equipment Advice
- Installation and commissioning

## 1.2 PLANT PLANNING SERVICES

Plant Planning services for fixed, modular and mobile plants within diverse industries. We create 3D layouts of suggested plants to help you build your optimal plant and ensure that you are able to deliver the right solution for your operational requirements
